

Coming in November 2018

Only 17 more sleeps

Hi, there's a sobering thought especially with that long list you still have to tick off.

Service Guides

The Service Crew Guides have been published and are now up on the www.silverfernally.co.nz web site. Naomi has cleverly put little icons to help you all plan your servicing. The official event Service Book will of course be handed out at documentation.

Service Crew Registration

This form is now also up on the web site. The first two crews are included with your entry. Additional crews will be just \$150.00 with most of this going to our event charity 'Race for Life'.

Functions

The functions order form is also up on the web site, please don't leave it too late and miss out.

Emergency Contacts

We are missing the emergency contacts for a number of crews. Not that we are ever going to need them. But we must have them before you set off. So if you are in doubt email them away to info@urg.co.nz

Accommodation Offer

One of our teams has had to pull out of their accommodation in New Plymouth so if you are still after some at a healthy discount email dee.milnes@hotmail.co.nz

Spectator Maps

If you have crew who are following you on the event and are keen on watching your brilliance we are making life easy. We will be loading up spectator maps on the web site next week with all the best spectator points marked on them.

Cheers
Peter and the Team
